CBS's *The Talk*, the first daily network talk show to premiere in daytime in nearly 10 years, has been renewed for the 2011-2012 season!

The Talk, hosted by Julie Chen, Sara Gilbert, Sharon Osbourne, Holly Robinson Peete and Leah Remini, examines topical events and contemporary issues through the eyes of five female hosts who are all mothers.

“After only a few months on the air, *The Talk* has delivered creative and ratings

growth and established a strong profile in daytime,” said Nina Tassler, President, CBS Entertainment. “The co-hosts have clicked together, the topics have connected with the audience and the show has added a new dimension to our top-rated daytime line-up. We’re excited about its current success and the potential to grow and evolve *The Talk* even further.”

“We’re proud that *The Talk* has emerged as a unique player in the daytime arena,” said David Stapf, President of CBS

Television Studios. “The goal was always to create a show that offered different perspectives to issues facing families. The show’s success is largely due to our hosts’ chemistry and we’re thrilled that the topics we are addressing are resonating with audiences.”

Since its premiere in October when it replaced the daytime drama, *As the World Turns*, *The Talk* has averaged 2.21 million viewers, 1.1/06 in women 25-54 and 0.8/05 in women 18-49. *The Talk* has seen its ratings

CBS Studio Center Honored

The United Chambers of Commerce of the San Fernando Valley held their 2011 installation dinner and awards ceremony in January at the Airtel Hotel and honored CBS Studio Center as the recipient of the prestigious Chairman's Award.

The Studio City Chamber of Commerce nominated CBSSC to receive a Business of the Year Award but once the UCC selection committee reviewed the nomination, they decided to award the Studio with the Chairman's Award, an award they reserve for a select few, and do not award every year.

Incoming UCC President John Parker of Parker Brown, Inc. presented the award, stating a few of the many things that make CBS Studio Center such a valuable member of the community.

Accepting the award on behalf of CBSSC was Joe Soukup, Vice President and General Manager of the Studio. Joe thanked Chamber Executive Director Esther Walker for nominating the Studio and Sandra Reed-Funnell, Executive Assistant to Studio President Michael Klausman, for assisting in maintaining the Studio's connection to the community.

LISTENING DEVICES on Stage 16

Assisted Listening Devices (ALDs) are available to enhance the ability of a person with a hearing loss to hear better. ALDs bring sound to the listener without interference or loss of intelligibility by improving the noise to sound ratio. These devices tap directly into the source of the sound by patching directly into the sound-board/mixer in the stage. The user will be provided with a small receiver and three different types of headsets to accommodate the widest range of users. For more information please call extension 6323.
