**Remembering Patsy Ann Titus**  
June 18, 1943 – May 27, 2012

by **Karla Karanza**

Patsy Ann Titus was born June 18, 1943 in Guthrie Center, Iowa. She was the second child of Mabel and Harold Titus. She had an older brother, Wayne, and two younger sisters, Denise and Jayne.

Patsy visited California shortly after finishing high school and decided this was the place for her. She headed out west in the summer of 1965, behind the wheel of a VW Bug, and never left. She worked at CF Braun Engineering, Gospel Light Publishing, and finally, fortunately for all of us, in 1980 she came to CBS Studio Center. The majority of her years here were spent working in the Operations Department, first for Al Ellena, then Brian Lovell.

Patsy enjoyed water skiing, camping with family and friends at the ocean and in the mountains, traveling, supporting her community, bingo, arts and crafts and decorating her home for every holiday.

Patsy will forever be missed by everyone whose life she touched. She lived life wonderfully, was well loved, did so many things while she was on earth and will do much more in heaven.

As Patsy was known for saying: "It's all good"

# Safety & Security

As the hot summer months are upon us, it's important to recognize the warning signs of heat illness. Some of the most common are; headache, confusion, lack of or excessive sweating, nausea, muscle cramps and dizziness. If you experience these symptoms move to a cool, ventilated place and seek medical assistance.

Be sure to drink plenty of water throughout the day and don't forget your sunscreen!

# Remembering Patsy...

*continued from page 1*

When I first started working on the lot, as a per diem, I worked quite often in the Operations Department alongside Patsy. She always had this little radio on her desk tuned to country music. At first I was a bit dismayed, as I was into hard rock and your basic hair band music! I thought, oh no, I can't believe I have to listen to this country stuff all day. Well, after just a few days I found myself humming and singing along to every song. Now I am one of the biggest country music fans to come from New York, and my radio is always set to a hick station. I have Patsy to thank for this.

*Judi Miller*

Patsy went thru a "Craft" phase, and there are many of us here on the lot, who possess a box full of home-made Patsy holiday ornaments. She then moved on to creating yummy Christmas cheese balls to give away. Patsy also got hooked on needle point and cross-stitching for a time, and hanging on the wall of my office, is one of my most prized possessions, a cross-stitched depiction of a mill on a river, crafted and given to me one Christmas from Patsy. (She called it her "Ahh - Sh\*t" creation, due to the large number of corrections she had to make to complete it.)

*Bob Sheldon*

She laughed every single time when I was looking for Brian and would ask her "Where's Mr. Big?"

*Jose Ramos*

The first time they used the computer in operations (a beast about the size of a Volkswagon), Patsy admitted to me that she was afraid she was too old to learn something this new. In no time at all, she not only got comfortable, she actually became the person everyone turned to for help. From then on, anytime anything new or stressful would come along, we would look at each other and say "Don't be scared."

*Scott DiPanni*

We were all camping one time and my boys and I were in a tent. One morning it starts to sprinkle while I'm out cooking breakfast for my boys, and Patsy sticks her head out of her pop up trailer and yells "get in here and cook inside!!" She was always happy to share and make others more comfortable.

*Cam Williams*

I guess it was theoretically possible to get Patsy riled. I did my best, pestering her for job numbers (which were often non-existent), responding tardily to her requests for HVAC charges to fly-by-night productions, asking for the whereabouts of her boss... But I failed. Now she is past her trials, of which I hope I was a very, very small one. To Patsy, who made the rough places smooth.

*Philip Baer*

Patsy always showed she cared about others, so there was one particular individual, who shall remain nameless, who always made sure she knew people cared about her, too. They always made sure there were flowers on her desk to brighten her morning. We should all remember to be such a good friend.

*Anonymous*

I would call, all in a tizzy about something some client did and ready to brain Brian about something he said or did, or should have said or done, and Patsy would just sweetly and calmly ask me if I'd tried this. Ok, then, did I try that? Well, what happened with the other thing? And this would go on for a few minutes. By then, I would have taken a cue from Patsy's soothing manner and reasonable tone and would be much, much calmer. And suddenly, lo and behold, Brian would have just come back and Patsy could put me through.

*Jamie Barnett*

I didn't know Patsy all that well, but I have been on the lot long enough to know that if you needed to get something done, you called Patsy.

*Tom Pistohl*

I would never have gotten paid without her. Every week, I'd forget my time card and she'd always call me to make sure I put it in. She was always looking out for us. The last time I saw her, she looked like she needed a hug, so I gave her one. I am so glad I did as it was our goodbye.

*Lizzie Gulick*

There'd be times she'd call me and warn me to go hide; someone was looking for me. She was always keeping me out of trouble.
